Handling Tariff Scheduled and Charter Flights

The operator of an aircraft of the scheduled or charter traffic is obliged to pay a charge for the services rendered by the Airport Authority for every rotation (one arrival and one departure or vice versa).

Movements for instruction or technical reasons or ferry flights are exempted from this charge.

Carriers interested in operating scheduled or charter flights from/to LUG should contact Lugano Airport SA to confirm the terms and conditions of the SGHA. Lugano Airport SA also operates an incentive policy on airport charges for specific destinations.
